Making Artworks Marking Criteria

Mark	Resolution	Conceptual Strength and Meaning
17-20	Displays technical sensitivity, refinement, discrimination, moderation, and is respectful of the conditions set by the selection of materials and limitations including course prescriptions	Demonstrates an articulation of ideas and concepts that are elaborated, reiterated, subtle and sustained coherently in the form(s) of the work. Meanings make significant references and register on a number of levels
13-16	Displays technical sensitivity and moderation, although some aspects are more refined while others are elaborated and/or overworked. Generally respectful of the conditions set by the selection of materials and limitations including course prescriptions	Demonstrates an articulation of ideas and concepts showing some elaboration and reiteration that is more coherent in some aspects of the work than in others. Meanings make significant references and register on a number of levels but are not as significant
9-12	Displays technical proficiency yet not very sensitive or refined. Some display for display's sake, thus little moderation. Some respect for the conditions set by the selection of materials and limitations including course prescriptions	Demonstrates an articulation of ideas/concept confined to some connection that is more apt and coherent in some aspects of the work than in others. Meanings and references register on some levels but in limited ways
5-8	Displays little refinement or subtlety. Some repetition or inconsistent application. Little discrimination or moderation, limited respect for the conditions set by the selection of materials and limitations including course prescriptions	Demonstrates an articulation of ideas/concept confined to some aspects of the work. Meanings and references register in restricted and obvious ways
1-4	Displays neither technical accomplishment nor moderation. Unsubtle, unrefined, incongruous, superficial. At variance with conditions set by selection of materials and limitations including course prescriptions	Demonstrates a simplistic, immediate articulation of idea/concept. Meanings register in banal ways. References are limited, driven by the image
